Collection of Non-Personally Identifiable Information

1. General Tracking Information

We keep track of the pages visited by each user. Our web server automatically collects some information about you when you request pages from our server, including your IP address.

Your IP address is a number that is used by computers connected to the Internet to identify your computer so that data (such as the web pages you request) can be sent to you.

We aggregate this data with data on the pages visited by other users to track overall visitor traffic patterns. We use this information to improve our Site by making it more responsive to the needs and preferences of our users.

This information does not identify you personally.
